

Long Term Planned Personal Development Opportunities

MORETONHAMPSTEAD PRIMARY SCHOOL

Long Term Curriculum Map

Ambition, Empathy, Integrity, Equity, Respect and Responsibility.

At the heart of our curriculum are our school vision, mission and values, the bedrock upon which the school stands.

We continuously strive to achieve high academic standards through our exciting curriculum, which is engaging and relevant for all pupils. The curriculum has been designed making best use of our unique staff and their varying experiences and skills, our children's passions and interests and the passions of our families who often share their expertise with us. We have many distinctive attributes; most significantly, our local community and rural location; not far from moorland or coast. We make the best use of our outdoor spaces including our Outdoor Learning area, school garden, our local beaches, Dartmoor and enrichment through our core offer and planned personal development opportunities.

During their time in our school, children will be offered the opportunity to unlock the best of themselves through our:

Core Offer

-  **GLOBAL CITIZENSHIP:** to offer a range of opportunities which allow children to develop an understanding of the nature, causes and effects of global poverty and climate injustice with the aim to empower the next generation to be of agents of change.
-  **THE ARTS:** To take part in arts events, work with professional artists and exhibit their work. To perform to our parents and wider community (Whiddon Down festival, Body Language, Moreton Music).
-  **FOOD AND FARMING:** To plant and grow food in our own school allotments, then cook and eat with friends and family.
-  **RICHER LIFE EXPERIENCES:** to ensure learning uses a wide variety of hooks and experiences to enthuse and motivate our learners in all areas of the curriculum
-  **PUPIL VOICE:** To celebrate and value our children by giving them agency in being the best version of themselves and make a difference to their school and wider community.

Long Term Planned Personal Development Opportunities

We believe that a broad, balanced, creative curriculum will enable children to flourish. With this in mind, we have implemented a programme of enriching and personal development opportunities, visits and memorable experiences which underpin our core offer

Pupil Voice:

Eco council, School council, House Captains, Sports leaders, Buddies, Behaviour champions (Marvellous Manners). Children in upper KS2 all have roles of responsibility. School council supports, organises and runs charity events.

Collective worship

A rolling programme in place – clearly planned and linked to school values, British Values, Protected Characteristics and global issues. Makes use of variety of platforms to engage children, including picture news.

School assemblies and sharing assemblies

All children will take part in assemblies and share their learning with parents and friends.

Experience events linked to the church calendar:

Harvest, Christmas Nativities, Carol concerts, Easter and Leavers' service. In keeping with our core values, we also support charity events across the year. Children will perform publicly, taking leading roles using the medium of song, dance and drama.

Music Wider opportunities:

Children will have regular opportunities to have taster days/ and blocked lessons (usually ½ a terms worth) learning to play a range of instruments including recorders, clarinets, djembes and ukuleles. These lessons will be supported by music specialists as part of the wider opportunities available to Devon schools.

School choir is open to all in KS2 and performs at whole school events, in local community (Whiddon Down festival) and within special music events held by local secondary schools. Choir attends residential home to liaise with local community. We also take KS1 carol singing at Residential Home and Castle Drogo.

Peripatetic teachers offer guitar, violin, drums, saxophone & keyboard lessons. The children are enabled to perform to school community gatherings and celebrate all that they have learnt.

Musical specialists are secured with MEG funding.

Additional curriculum weeks/days

Arts events – artist lead events – this can be any form of art or music (Sandy Nightingale, Simon Ripley, Nick George, Kate Hill-Smith Pottery) – fabrics, printing, sculpture, pottery etc.

Health and well-being week, Computing & Internet safety week

Science events

Community PE days - Enrichment, Sports Day, Swimming Gala.

Long Term Planned Personal Development Opportunities

Sport and Drama:

In addition to a normal range of sports, children will be able to take part in other activities such as fencing, archery, cross-country events, learning a martial art, as well as having the opportunity to work alongside dance specialists to choreograph their own dance and perform to an audience.

Community sports day is an annual fixture.

Sports event calendar in place across the year

We work each year with Med Theatre (based in Moretonhampstead) on a drama project such as writing and performing plays about WW2.

Pre Schools

Termly visits by EYFS staff to local preschools. Offer local pre-schools use of our facilities
